

K-Love radio station serves me daily in Parker. I listen to it in my car and at home. If I was unable to listen to K-Love I would be without a Christian radio station that I can listen to anywhere in the country when I am traveling. This radio station helps reach hurting and lost people as well as helping people like me to stay focused on the Truth knowing that God loves me just as I am. It also informs me of local Christian happenings that I wouldn't know about if it wasn't on the air. Basically please do not take away the local translator. I love K-Love. I am a K-Love financial supporter and I support the work that they do. K-Love brightens my day. Thank you for your time.
